

Request for St. Agnes Columbarium Memorial Wall Engraving

(Please complete a separate form for each engraved memorial requested)

Name(s) _____ e-mail _____ phone # _____

Address _____

I/we wish the following to be engraved on the St. Agnes Columbarium Memorial Wall. I/we understand that the usual number of letters and spaces that may be engraved on the Memorial Wall (not including periods but including ampersands (&)) is 24. However, because the width of letters varies, the number of letters that can be engraved in the allotted space for a given name may be less or more than 24. I/we understand that the final decision regarding the number of letters that can be engraved will be determined by the engraver. I/we will receive a final printed rendering of the lettering from the engraver which I/we will approve before the engraver proceeds. I understand that once I approve the final rendering and the engraving is complete, no changes may be made.

I/we have enclosed a check in the amount of \$500 for this Memorial Wall engraving.
